To whom it concerns;

This letter is to confirm that Mark I Moving & Storage, Inc. has made a formal request to amend our current tariff that is on file with the SCPSC and SC ORS.

This is due to rising operating cost, mostly labor cost associated with trying to employ the best crews. While we are raising our hourly rates, we are lowering some of our "other" charges, to help offset some of the cost on the customers.

On the next page I have broken down our current rates and compared them to the changes we are requesting to make.

Thank you,

Mark Tucker
President
